Gentlemen of the Council,

It is needless to say that my election to the honorable position of Warden of this large and important County is a great surprise to me. I appreciate the honor, not only for myself, but as being the first Warden for the district which I represent. I trust I will be able to merit the confidence you have placed in me, and shall endeavor to the best of my ability to fulfill the duties of the office without favor, always keeping in view the best interests of the people of the County of Cumberland. I trust that the Councillors may work together in harmony,

and that the good feeling which has previously existed at this council board may continue during my term of office. I recognize the fact that the success of a Warden largely depends upon the good will and co-operation of the gentlemen over whom it is his duty to preside. In looking over the Council Board I see several gentlemen who were associated with me in previous councils, among them one who sat at the first Council Board elected in the County. I am pleased to meet these old associates of mine, and at the same time to welcome new faces, which I see before me to-day.

The general business affecting the County will be laid before you, and I ask that all matters receive your most careful consideration.

Account of E. E. Hewson.

To Warden and Councillors Municipality of Cumberland,

Gentlemen :—

I enclose herewith my statement of collections made during the past year. Total amount collected \$356.95.

A. P. Brine, Minudie, claims that he has paid all that he is entitled to pay and promised to make a statement to the Council.

A. F. Tanner, Greenville, paid \$7.29 under protest. He claims that he paid this to Councillor McDonald at April session 1896. He suggests that it may have been handed by the Councillor to Mr Baker after the books were posted and in that way escaped being entered.

George Darragh, Linden, says that the balance of \$3 05, claimed against him is money that the constable could not collect. I enclose his letter.

Stephen Clarke claims the County owes him a balance of \$1 14. I enclose his statement.

John Whidden had everything covered by Bill of Sale to W. R. Henderson, Esq. I ascertained that Bill of Sale was defective, had him sued, levied on the property, advertised sale and forced him to payment.

Yours Faithfully,

E. E. Hewson.

Report of Committee on Public Property.

To the Warden and Councillors :

We, the undersigned Committee on public property, after taking into consideration matters effecting the public property of the County, beg to report that the roof of the Court House be repaired to the extent needed and that the Councillors of No. 1 be associated with the County Clerk to carry out such repairs.

Further, that Victoria Square be leased to the town of Amherst for the sum of one dollar per year so as to prevent the said town getting any possessory right of any nature whatever.

We further recommend that Victoria Square be not enclosed with a fence but that the bounds be marked by the County Clerk and Councillors of No. 1, as they think best.

Report of Commission for County Asylum.

To the Warden and Municipal Council of Cumberland,

Gentlemen :—

We, your Commissioners for the County Asylum for 1898, beg leave to submit to you the following as our annual report :

We have during the year given the financial matters in connection with the institution careful attention and special attention was given to the system or method of book-keeping as commented on in your commissioners last annual report, and we are much pleased to report, as a consequence a marked improvement in the state we now find the books in. We have examined the different wards of the institution and would here call your attention to the urgent need of better ventilation throughout the building, as well as, in the opinion of your Commissioners, the necessity in the interest of the health of the inmates of the institution of a small specially constructed building in which to lodge the filthy patients of whom there are now ten at the Asylum and whose presence in the main building now endangers the health of the institution. We have examined the quarterly and annual accounts and reports and with the exception of table No. 2 in the annual report of the Superintendent, where an amount of \$24 00 for 12 tons of hay bought has been credited to the farm in error, we find them to be correct, and that the cost of maintainance for the year has been \$3473.11, making the cost per week per inmate \$1.47, which we find since the accounts have been put in better shape, to be as low as in any year since the opening of the institution. There is an amount owing to the county for the maintainance of a patient who was admitted as a private paying patient. The parties furnished at the time of admittance the necessary bond with the name of L. J. Embree as bondsmen. At a meeting of your commissioners

held on July 15th a resolution was passed cancelling this bond. In December your commissioners called for tenders for the supplies of the Asylum for the year 1899. For the groceries and dry goods which were, as last year, divided into four classes with a view to meeting the wishes of a number of intending tenderers. We received five tenders which on being monied out were found to range as follows: Class No. 1, Elliott & Co., \$624 18; S. Allan, \$634 85; Black & Co., \$642 42; C. W. Morris, \$707 80; Dunlap Bros & Co. did not submit prices for a sufficient number of items to enable us to money out their tender. Class No. 2, Elliott & Co., \$125 70; Black & Co., \$127 50; S. Allan, \$129 42; C. W. Morris, \$139 43; Dunlap Bros. & Co., \$139 76. Class No. 3, Elliott & Co., \$19 16; Black & Co., \$19 89; S. Allan, \$21 48; C. W. Morris, \$25 04; Dunlap Bros & Co., \$24 53. Elliott & Co. being the lowest on these three classes they were awarded the contract. Your commissioners selecting the following brands of flour at the prices submitted in their tender as being the best in the country's interest, Empress at \$4 40 per barrel, Crown at \$4 00 per barrel and Goderich at \$3 80 per barrel. Black & Co's tender being the lowest on class 4, theirs was accepted. For the supply of meats we received 4 tenders, that of A. J. McLeod's being the lowest at 4½ cents per lb for beet, 4 cents per pound for lamb in season and 4cts per pound for mutton was accepted. For the supply of butter we received but one tender, that of S. M. Lowe at 15½c. which was accepted. For the supply of potatoes we received two but considering the prices therein submitted as too high neither of the tenders were accepted. We may here say that all the prices in the above accepted tenders are extremely low, being little if any above wholesale prices.

All of which we respectfully submit.
